VOLUME XIX

COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, DECEMBER 22, 1915.

NUMBER 8

## L. W. T. S. Recital.

The usual mid-term recital given by the pupils of the music and expression department of Lindsey-Wilson Training School last Monday evening, drew a large number of patrons and friends and was highly enjoyed by all present.

The musical numbers given by Misses Damron, Harris, Strange, Feese, McFarland, Bryant, Wallis, Comer, Wagoner, Buster, Willan were taken from the best composers, and the way in which they were rendered by these young ladies displayed much talent as well as careful training.

The reading, "I'm Good," and the pantomime—"Comin Thru The Rye," by little Maxine Moss, delighted the audience.

In addition to these selections mentioned, the bright little sketch entitled "Six Cups of Chocolate" was charmingly given by Misses Cook, Coffey, McFarland, Jackson, Wilborn and Murphy.

These pupils are all under Miss Gwendolyn Bayless, who is a very superior teacher.

## For Sale.

My farm one mile east of Columbia, on Russell Creek. One hundred and seventy-five acres, at a bargain. Also my house and lot in Columbia. 7-3t.

## Tobacco Market Brisk.

### Editor News:

Greensburg tobacco market running in full capacity. Heretofore we have been greatly cramped for pricing facilities and baskets. We have now overcome this by installing hydraulic pressure, and have added to our stock one carload of baskets and are now prepared to take care of our patrons with the least congestion possible. Prices remain steady on Burley and slight advance on dark. We will close our market on Thursday, December 23rd, and open on Tuesday, December 28th, and continue through the season, however, we hope to receive tobacco during the holidays.

Gill & Waggoner have a number of nice articles suitable for Christmas presents. In passing around the square observe their show window. 7-2t.

The Larue County Herald expresses our sentiment when it says: "We hope every person in this town and this whole community will be eating turkey on Christmas day. Some may not care for turkey as well as for a fat chicken, but we hope they clean up a turkey just the same. We have come to look upon Christmas as a national turkey day, and we don't know of anything in the feed line that makes the average fellow feel quite so good as the knowledge that he is leaving the spoked bones of a fine large turkey behind him. So here's hoping the turkey graces your own table."

Six 2-year-old mare mules at Portland, Ky. R. L. Davis, 8-2t. Columbia, Ky.

The Columbia Library has been moved from Dr. Triplett's office to the office of the County Supt., and will be opened on Saturday afternoon from two to four o'clock. Books will not be received by the Superintendent, only by the regular Librarian.

Whitman's box candles, the best on the market, at 7-2t. Flowers & Patteson's.

The people of Casey county are elated over the start to pike building. About one mile of the new pike has been completed at a cost of \$500. The Casey County News says that some one put a report out that it was costing \$100 a foot, which was radically incorrect.

Arbuckle coffee 20c. at 7-2t. Garrison Bros.

In all probability the business of Columbia and in the other towns in the county will be dull for now until spring, all on account of bad roads. When bad roads come neither the farmers nor the business men can do much.

## Married in Jeffersonville.

Last Thursday night Mr. T. P. Martin, a road engineer, and Miss Winnie Barbee, daughter of Mr. and Mrs. S. D. Barbee, were married in Jeffersonville, Ind. The groom came to Campbellsville about three months ago, stopping at the hotel in that city which was being run by Mr. Barbee. Miss Winnie and Mr. Martin soon became friends and their friendship ripened into love which terminated in their union.

About ten days ago Mr. Barbee disposed of his hotel and when the marriage occurred, Mrs. Barbee and Miss Winnie were en route to Princeton, Ky., Mr. Martin leaving Campbellsville with them. Reaching Louisville the contracting parties gave Mrs. Barbee the slip, went to Jeffersonville where they were made one.

They are now at the Enterprise Hotel, Louisville, where they have taken rooms. Mr. Martin's mother resides in Louisville and conducts a boarding-house located on Broadway.

We trust that this marriage will bring happiness to all concerned.

Garrison Bros. are headquarters for Fancy and Stick Candles and all kinds of fruits. 7-2t.

## Father Objects.

A special dispatch from Greensburg to a Louisville daily Tuesday said: Claiming that she is being restrained in her home against her will, Miss Bessie Rogers, 21 years old, today applied for a writ of habeas corpus naming her father as the person who is denying her rightful freedom. The young woman says she wants to become the bride of a young man in that city but is unable to marry because her father objects and will not grant her liberty. Miss Rogers is the daughter of C. W. Rogers. The family is one of the best known in Green county.

The recital given by Miss Alice Walker and Mrs. Ray Montgomery's pupils, at the Graded School, last Saturday afternoon, was highly enjoyed by the many who were present. The pupils all showed advancement and evinced much talent. Miss Walker is a skilled pianist, a fine instructor, and takes a delight in advancing her pupils. Mrs. Montgomery is a fine reader and a splendid instructor, and her pupils are delighted with her as a teacher.

Whitman's Special Christmas box candies on display at 7-2t. Flowers & Patteson's.

The new Christian church, Monticello, was dedicated last Sunday week. It is a very handsome edifice and was built by Mr. J. C. Miller, the well-known Adair county contractor who is temporarily located at Campbellsville, having the contract to build the Christian church in that city.

7 cakes of Lenox Soap for 25c at 7-2t. Garrison Bros.

The steady rains, last Thursday and Friday, raised all the water courses, on many roads stopping travel. The late hack from Campbellsville failed to get here Friday night, on account of the water running over the pike at Green river bridge.

I now have on hand pumps of all kinds for any depth well. Come and see my stock before you buy. 6-4t. S. F. Eubank.

The freshest carried off a lot of corn in the bottoms. Mrs. Mary Biggs, who lives in the suburbs of Columbia, lost twenty or thirty barrels.

Latest hits in Standard Sheet Music, 10 cents. Wilson's Ten-Cent Store.

Quarterly meeting of the M. E. Church, South, next Saturday. Rev. S. G. Shelley will preach a Christmas sermon at 11 a. m., and he will also preach on Sunday, forenoon and evening. Every body invited.

The Jamestown Basket Ball team failed to reach Columbia last Friday night, on account of high waters. They will play the Lindsey-Wilson later.

## A Great Discourse.

The Methodist Church was well-filled last Sunday night, the occasion being a sermon by Presiding Elder S. G. Shelley, who is known to be a very able minister. He read the 4th chapter of Neamlah and his text was in the 6th verse of the same chapter, "And they all had a mind to work." He handled his subject in a masterly way, making out of it one of the most helpful sermons heard in this town for a long time. When the congregation was dismissed there was but one expression, "that was a great sermon, and I feel better because of hearing it."

## Charles Chaplin's Comedies

The "best yet," variety, Friday night. Unless you want to laugh for an hour don't come to see these pictures.

## The Loose Leaf House.

The Greensburg Loose Leaf House has been doing a fine business from the day of the opening. Last Thursday a representative of this paper was in attendance for a short time, finding the house like a bee hive, every body being busy, and there is a large number of hands employed in receiving the weed. The sales last week were very satisfactory, and every thing points to an increased business during the season. L. M. Vance is the President, A. W. Howard General Manager, and Ed Dobson, Secretary, all men of character, good business men, and farmers can rest assured that their interest will be protected. Haul your tobacco to the Greensburg Loose Leaf House, thereby patronizing a home enterprise.

## For Sale.

A piano. Will sell cheap. 8-2t. Mrs. M. Cravens

Last week we came in from Campbellsville with a gentleman, whose home is in Adair county, but who has been living in Illinois. He said that it made him sick when he read in The News that Adair county had voted against the bond issue for road purposes. He said if the people of this county, who are living in the mud, would go and see what good roads are doing for a country, they would be glad to vote for the proposition.

Fresh meats at Garrison Bros. 7-2t.

Mr. H. E. Baker, who was born and reared in Columbia, a son of Mr. Samuel M. Baker, who was a prominent merchant of this place, during his lifetime, was critically ill at his home, in Campbellsville, last week. His uncle Mr. J. E. Murrell, visited him last Thursday and Friday, and he also consulted the attending physician, who held out but little hope. He is a victim of heart and stomach trouble. All his children have reached his bedside, but two sons who are in the far West.

## Xmas Tree.

There will be a Christmas tree at Neatsburg church Xmas eve, Dec. 24th, at 1 o'clock, in the afternoon.

Last week Mr. S. D. Barbee purchased of Mr. Jo Sandusky, the residence, in which the latter is now residing, on the street leading to the fair grounds, for \$1,000. Mr. Barbee will remove from Campbellsville and take possession the first of January.

We have books and we don't want to keep them, so come and get them out of our way. 8-1t. Wilson's Ten-Cent Store.

The News will be published next week, on time. We have arranged for the force to take a little Christmas, getting the work in shape so as not to miss an issue.

The hog market is fluctuating. They are selling on foot, from 5 to 6 cents.

## Death Notice.

This Tuesday morning at 3 o'clock, Mr. William T. Walker, who lived two miles west of Columbia, died suddenly at his home. He was about sixty-four years old and was one of Adair county's best citizens. He was never married, and lived on a farm with his two sisters. When death came no one was in the dwelling but the two sisters, and on account of the early hour, it took some time to arouse neighbors.

The deceased was a consistent member of the Presbyterian Church, had been for many years. Every body feels for the two sisters, who have lost a devoted brother, one whose whole life has been spent in efforts to make them live happily and contented. He was a kind neighbor, one who will be greatly missed, a son of Lysander Walker deceased.

## Notice

It will be a great favor to us, if those who are owing us accounts, will settle, as we have a few obligations to meet by first of year. Respt, Stults & Co

## Got the Men.

Some time ago, in Cumberland county, Wm. Abney and two of his sons badly stabbed a man named Glass. They were arrested and gave bond to await the action of the grand jury. Before court they jumped their bond and fled the county. Hearing that they were in the Ozark Mountains, Mo., the necessary papers were sent and arrests made. The Sheriff of Cumberland county, Mr. W. H. Jones, was notified and he and his deputy, a Mr. Price, went after the fugitives, arriving here with them last Sunday morning, en route to Burkesville.

## M. W. A.

The following officers were elected for 1916, by the Modern Woodmen of Columbia Camp No. 12502, on Monday night, Dec. 13, 1915: Consul, H. A. Hurt; Advisor, W. E. Willis; Banker, J. W. ## At the Baptist Church.

Friday afternoon, December 24th, at 2:30 o'clock we hope to see every member of the Baptist Sunday School and members of the Baptist church in the Sunday School auditorium of the church. Be sure to come. You will miss a treat if you fail. O. P. Bush, pastor.

See our line of books. Nothing more appreciated for gifts. 8-1t. Wilson's Ten-Cent Store.

Mr. G. W. Redman, of Campbellsville, accidentally got one of his hands cut by a cornstalk about ten days ago. The first of last week blood poison set up, and for a day or two his condition was somewhat alarming. Friday there was a decided change for the better, and it is now believed he will be all right in a few days. Mr. Redman's Adair county friends will be glad to learn that he will soon be himself.

Garrison Bros. will appreciate an order from you, no matter how small. 7-2t.

Mr. J. B. Beard, who is an Adair county man, who recently became the proprietor of the Campbellsville Hotel, reports that he is getting a fair run of custom, and that he is very well satisfied.

## HISTORICAL PAPER.

### A Trip to California and Other Interesting Places.

(CONTINUED FROM LAST WEEK.)

And now comes the excitement. What is it to do? You say the blowing up of a warship out in California Bay. Just here I had better tell you what was expected and looked for. It was a sham battle between the land forces at the Barracks and the naval soldiers with a part of the land forces helping the blue jackets out. I never saw anything carried out more minutely. To start this fun and show they blew up a warship. You know the soldiers were called out and were hurriedly drilled and the ditches on the battlefield were quickly filled. At this time there comes in sight six boats of soldiers just to fight. The land batteries opened fire. Soon I heard bombs higher. I was watching the battle out just before my eyes. Then it was there came a great bomb from the skies. About this time I saw at a distance something coming. Looked black. It was a rapid fire gun coming around the race track.

It is hard for me to keep very well connected and to give you all of it just as would be expected. About the time half over and in the midst of the fun, I saw four big mules in a wagon coming as fast as they could run. They made a small circle and was driven up to the gate. There they stood in a tremble, but did not have long to wait. I saw two men running with a stretcher in their hand. Saw them loading up something. They came out with a man, and loaded him into the wagon. They hurried back again, bringing out the wounded and also the slain. The wagon is now loaded and the battle is really on, the blue jackets jumped the fence and the ambulance is gone.

Now, about this sham battle. There will be much said about the blowing up of a ship and the carrying away of the dead. Now there is one thing I must say before it is too late. I saw three warships go out at the Golden Gate. The sight will be long remembered. Just why, I don't know. They went out very quietly. May be gone to Mexico. Those incidents occurred so fast I could not get them all, and while watching the ships, I heard the bugle call. So the events of this day are past, all but the soldier, forever will its memory last. I feel sure they will. My soldier boy! my soldier boy! listen to your command, lay all political differences down and for your country stand. Be honest soldier boy, always faithful and true; the day will soon come when we will have use for you. So good night soldier boy, tomorrow I go away. I am delighted with you, wish I could

longer stay. So this ends, a remarkable day, many things about it I could say, but time will not admit, so I will soon have to quit. Just a word about our Iron clads they went out slowly, were not mad, but you know just as well as I, they will correct something or try. I do not know their destination, but they are representatives of our nation, in them I take a good deal of pride, but on them I don't want to ride. They are gone now to parts unknown, may turn up at some zone. Now I hope you will be very quiet, for I am going in for the night.

This is Sunday morning, and I think it best to stay in and take a much needed rest. Mr. Robertson and myself have a very delightful day. After the noon hour, we, in company with Mr. Bruner and Mr. Springgate took a long walk out through the soldiers' camp and home. They seemed to be having a jolly good time. A guide went with us to show us through. Many are living in tents while a good many are living in houses. We saw cannon balls by the thousands. We covered a good deal of ground. They have sixteen hundred acres in their grounds. No other matters for the day. Jennie and Katie left this morning, for Los Angeles. I will leave here tomorrow for New Mexico.

As this is Monday, Aug. the 16th, and the day we leave the city, we have several things to do and see about, as well as a sick man to look after—one of our party, Mr. Willie Simmons, is sick, and we are anxious that he gets well enough to go back as we do. As before stated, several things to see to, I did not go to the Fair to-day. In the afternoon I made a trip out in town. Went out on the heights. Likely some of you don't know that San Francisco is on a hill. Well this is true, at least a good part of it is up on a tableland, so I ascended to the top, walked quite a distance viewing the city and then came back to the top of the incline, and here, no doubt, I viewed the lake and ships for my last time. San Francisco is a large city. Its population is about four hundred and thirty-six thousand, and while observing the city as I did, I could not help being impressed with the different furnishings of the houses, not only the material used, but the mechanical finishings—all kinds of material used, and put up in all kinds of shapes—no modern plan used. I am told they have in this city two thousand and eight churches. Their steep streets are graded or layed with rock from the sea shore and have the appearance of a crazy quilt. Now I stop for supper. After the meal we get

busy collecting our belongings and getting ready for our return trip. Just here we are told autos are waiting, then a hustle for our baggage, and we are gone. Made a whirl wind run to the Santa Fe railroad depot, had our tickets valuated, boarded a transport and we are now crossing the bay. A very nice trip this was, and at 9 o'clock p. m., our boat blew for the landing, and as we drew up we gathered our grips, hurried out and found our same steel pullman car waiting for us. Good night.

This is Tuesday, August the 17th. I am up early this morning, and find that we are in one of the finest farming countries I ever saw. You will remember now that we are on the Santa Fe or Southern route. We passed through Fresno and other nice places. We are now in Kern county. In this county we saw more hogs than we have seen since leaving home. Several corrals of horses, lots of cattle and some very nice mules. We are certainly delighted with this part of the county. Since laying our pencil down we have gone through some very fine wheat land as we suppose it to be from the amount of wheat and straw I saw scattered along the road. On two occasions I saw wagons loaded with wheat and drawn by ten big mules. The amount of wheat on a wagon, I have no way of telling, but would think several hundred bushels. Here we stopped for breakfast, I picked up a paper and see an account of the kidnapping of Leo M. Franks, and after the meal we moved on, passed new settler camping in tents, women and children in front of the tents and the men holding horses to graze. I was made to imagine what hardships and privations some people are still undergoing, even in the southwest. While many have grown rich and others doing well, there are many who are driving and drifting from point to point, and their very appearance would indicate to you what privations they are undergoing. We then ran into Barstow. Here we have a short wait-over for the Southern train from Los Angeles, which has part of our Kentucky crowd in the person of Katie, Jennie, Mrs. Minnie Sweets, Miss Osborn Bell Rhodes, Mr. Bruner and Mr. Stuart. We now reach the mountains again and find a new railroad being built, at least the grading being done, steam shovels and scrapers being used. Sand was being loaded on cars with this shovel, and mules were being worked in a breast to scrapers. We saw six of those teams grading at one place, and to a fellow on a train it looked like they meant business. And again I am reminded what a wonderful country this is. This place we stop is called Calicut. Our porter informed me that in Spanish it meant warm. Well, I had already pulled my coat, so I take it he is right. We had passed some mountain ranges and struck a very hot valley, and while complaining of the hot sun we go into tunnel number one—

just as hot as blazes, I want you to know, but on through we had to go, and now this is tunnel number two—just so thankful when we got through, and this is tunnel number three—the longest one yet, it seemed to me. Now we enter tunnel number four. I am made to wonder if there is more, and as sure as you are alive we now come to tunnel number five. At this time I get in a fix. The porter says: "Here is tunnel number six," and of course I knew the next was seven, and besides, he says there are eleven. Now it will be plainly seen that in all there were just eighteen. It is simply wonderful going through those hills and mountains, but we are now crossing the great California Desert. If you want me to describe it, I'll do the best I can. You look as far as your eyes will let you and there is nothing but sand. You look on ahead of you thinking that you see a lake, but when you get there you find that it is all a fake. On and on we go up or across this sandy desert. I suppose you have heard of the hot winds of the West? We are now finding out something about them, and while writing and looking I saw a lonely man driving two small horses to a wagon with trunk, cupboard and some chairs in it. He looked so hot and weary worn, and if there was any place within one hundred miles for him to stop I failed to see it, and I undertook to see every thing in sight that was worth seeing.

We were now nearing the Arizona line, here we crossed the Colorado river and night drove me in, and I have no more to say for the present. So, I was up before daylight Wednesday morning, August the 18th, having gone through a good part of Arizona while asleep. Was up before

it was light to see the country, instead of it still being hot, we were in a different atmosphere altogether. The first thing we tell you about are the beautiful cedars and pines, cedars ornamental, and the pines large and plentiful. Grass and oat fields were looking green here. At daylight I saw wolves or antelopes, or something of the kind running out across the fields. There were many attractions along the railroad. I also saw two bunches of wild horses grazing at a distance. I saw several mill sets where pine lumber had been sawed. Then we came to a mining camp, many of the miners living in car boxes near the road. And then we came to a very fine body of pine trees and at the edge of the woods I counted twenty carloads of logs all ready loaded to be pulled into the mill which I saw just down the railroad a bit, and where I saw more lumber sawed out, than I ever saw before in one place. There was certainly many million feet. Then we came to a nice, new town named Flagstaff. This was the most inviting little place I have yet seen. Just thought if I had time I would like to stop off awhile and investigate, but the train moved on and I was too late. We then ran up to Winslow and took breakfast. We were told that six miles south, there were petrified forest trees that had fallen one hundred years ago, lay as they fell, a petrified rock.

We found more unoccupied territory in Arizona than any other place outside the Great Desert. There is so much rock near the surface. However, we have seen several herds of cattle today. We also saw numbers and numbers of goats being herded the same as cattle and sheep. We saw cow boys going and coming.

### Danger Signal.

If the fire bell should ring would you run and stop it or go and help to put out the fire? It is much the same way with a cough. A cough is a danger signal as much as a fire bell. You should no more try to suppress it than to stop a fire bell when it is ringing, but should cure the disease that causes the coughing. This can nearly always be done by taking Chamberlain's Cough Remedy. Many have used it with the most beneficial results. It is especially valuable for the most beneficial results. It is especially valuable for the persistent cough that so often follows a bad cold or an attack of the grip. Mrs. Thomas Beeching, Andrews, Ind., writes: "During the winter my husband takes cold easily and coughs and coughs. Chamberlain's Cough Remedy is the best medicine for breaking up these attacks and you cannot get him to take any other." For sale by Paull Drug Co. Adv.

### Clubbing Offer.

For a short time we make the following offer, one of the best we have ever given to the readers of the News. Here is the proposition:  
The Adair County News,  
Cincinnati Weekly Enquirer,  
The Housewife,  
Reliable Poultry Journal,  
Farm Journal.  
All the papers for one, except the last named and that will be sent for five years.  
\$1.65 takes the entire lot. If you want them subscribe at once.

Fire at Ghent, Wednesday night, came near destroying the whole town. The loss is estimated at \$40,000 which practically includes all the business houses.

### For Children's Cough.

You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. Dr. King's New Discovery is antiseptic—kills the cold germs—raises the phlegm—loosens the cough and soothes the irritation. Don't put off treatment. Coughs and Colds often lead to serious lung troubles. It is also good for adults and the aged. Get a bottle to-day. Paull Drug Co. Adv.

## SINCE TAKING PERUNA

I can say my  
bowels are much  
more regular.  
My heart is  
stronger.  
My appetite is  
much better.  
My throat is  
much better.

Mrs. William H. Hinchliffe, 20 Myrtle St., Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarrh of the head and throat. I recommend Peruna to all sufferers with catarrh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said for Peruna."

Those who object to fluid medicines can now procure Peruna Tablets.

## KENTUCKY'S STATE DEPARTMENT OF PUBLIC ROADS

(By Hon. James B. McCreary, Governor of Kentucky.)

A State Department of Public Roads was advocated by me when I was a candidate for Governor of Kentucky. After I was elected I recommended in my message to the General Assembly the enactment of a law providing for a Department of Public Roads, and an appropriation and a proper and comprehensive act was passed.

The people of Kentucky are in favor of good roads. They know that good roads mean a decrease in the expense of hauling products to market and in getting goods home from the place of purchase. They know that good roads increase the value of farms, mean better access to schools and to churches, and better and more attractive environments.

The Commissioner of Public Roads appointed by me has been active and successful in his organization. He has sent bulletins and literature and has furnished plans

JAS. B. McCREARY  
Former Governor of Kentucky.

and specifications and estimates of cost for many bridges and made many surveys for sites, assisted in road and bridge building, and the sentiment in favor of good public roads has been greatly strengthened.

The law creating the department set aside from the license tax on automobiles, which constitutes the State Road Fund, the amount which has been necessary to make the road service efficient.

The new road law in Kentucky has met but little opposition, and where it has been given a fair and impartial trial by county officials, and the county road engineers have been given an opportunity to perform their duties unhampered, it has been entirely satisfactory.

The State of Kentucky no doubt will continue the progressive policies so successfully instituted.

A system of good roads is the basis of the country's progress and upon this largely depends its material development and prosperity. Public roads have been compared to the veins and arteries in the human body, by which the circulation is carried on, and when they are clogged, or are not in good condition, the usual functions are impeded and vitally diminished.

I am in favor of the United States Government aiding, to a proper extent, in the building of roads. Large amounts of money are appropriated annually by Congress for rivers and harbors, for irrigation and for government buildings, and in the same line Congress should appropriate money to aid in the construction of public roads.

This can never be an ideal country to live in until it is interlaced with a network of highways and the highways so marked as to direct the traveler which road to take to reach his destination.

A man who is opposed to road improvement is worth about as much to a locality as a safety razor is to a colored man at a Georgia picnic.

Never can we have excellent roads until we adopt a patrol system of repair and maintenance.

The Courier-Journal, of last Saturday, stated that Attorney General James Garnett will not enter the race for Congress in this the Eighth district, but would locate in Louisville the first of the year for the purpose of practicing his profession. General Granett would have had a strong following had he decided to make the race for a seat in the national House. This part of the district would have supported him solidly.

Congressman McKellar will be the next United States Senator from Tennessee. He defeated Ham Patterson by a large majority. The present Senator, Luke Lae, is a high gentleman and an able man, but local conditions caused him to run third in the first race, and his name was not before the people in the contest that was pulled off a few days ago.

Before our next issue Christmas day will have come and gone. We desire to send greetings to all our patrons, trusting that the closing days of 1915 will bring them much happiness, and that they will start with the New Year with the determination of living better lives during the twelve months of 1916, the best in the history of their existence.

The talk of redistricting the State will not materialize. It is very easy to see through the scheme. The wet counties want to increase the number of their representatives, and where dry counties have one representative they want to bunch four or five together and let them be represented by one man. Trot out something else.

Here is a bit of information that has come to our ears. We do not give it knowingly, but we chanced to see it in our exchanges: President Wilson and Mrs. Edith Bolling Galt were married in Washington, D. C. Last Saturday evening. It is further stated that the couple will spend their honeymoon in Hot Springs, Va.

The Republican National Committee met in Washington, D. C., last week and decided to hold their national convention in Chicago June 7, one week before the National Democratic convention which will be held in St. Louis.

The whisky business is hard to handle. Judge F. M. Tracy, of the Kenton circuit court, last Saturday, overruled a motion for a temporary order to restrain two saloon keepers in Covington from selling whiskey on Sunday. The motion to close was filed through the efforts of the Covington Ministerial Association.

A great many brother editors are sending out Christmas editions. It makes their publications look quite nice, but it has always occurred to us that fancy covers for a country weekly, is money thrown away.

The Ohio river was rising rapidly at points above Louisville Saturday and it was believed it would reach the flood state at Falls City.

Office seekers are as thick as flies usually become in the summer time at Frankfort.

It is said that Barksdale Hamlett will not contest the election of Mr. Lewis, for Secretary of State. Right conclusion.

## WAR SITUATION.

Austria-Hungary has replied to the American note on the Ancona, news agency dispatches through London state. Washington has not been officially advised of the reply of the Vienna Government, and comment on the unofficial reports of its contents is withheld.

Reports have reached Rome that extensive preparations have been made for a Turco-German campaign against the Suez canal and Egypt. Only fifty miles of the railway from Damascus to the Sinai Peninsula remain to be built, and all measures have been taken to insure supplies of water for traversing the desert. It is declared that 300,000 Turkish troops already have been concentrated for the operations.

Turkish attacks against the British at Kuts-el-Amara, on the Tigris, are reported by the Constantinople Government. It is claimed that Turkish artillery fire sank a British monitor on the river.

According to London advices from Saloniki the Anglo-French forces there now total 200,000 men. The opinion is expressed that the Allied forces will not be disturbed by a Bulgarian invasion of Greece, but that in any event the Entente forces are prepared for a stand on a fortified line in Northern Greece, which they will try to hold until the positions at Saloniki are well protected by fortifications.

It is reported in Paris that the stock of gold held by the Bank of France has reached the record figure of \$1,000,000,000.

According to a wireless dispatch from Berlin, the Bulgarian official report of December 15 states that the Bulgarian troops "temporarily" stopped at the Greek border their pursuit of the Allied forces.

The Austrians apparently are not slackening in their pursuit of

those parts of the Serbian army that retired to Montenegro and of the Montenegrin forces co-operating with them. Berlin reports that Austro-Hungarian troops have penetrated as far as the vicinity of Bjelopolje, on the Lim river about twenty miles west of the Serbian border and some forty miles northwest of Ipek.

Reports from Athens state that a Serbian division escorting 18,000 Austrian prisoners has arrived at Tirana and Elbassan, in Albania. Semi-official advices from Rome last night indicated that an expeditionary force had been landed in Albania, possibly to co-operate with the Serbians when they were ready to resume the offensive.

Serbian groups that retreated from Monastir and were disarmed by Greek troops who entered Serbia have had their arms restored to them by direction of the Greek soldiers had misinterpreted their orders, a dispatch from Athens states.

Germans are to be appointed to two places in the Turkish Administration, according to a news agency dispatch from Athens, the places named being Under Secretaryships of State in the finance and police department.

## Green River.

A twenty year tide now on hand. Your correspondent noticed over the bluff, this morning, six hay stacks ready to float and river still rising.

Our school is getting along very nicely under the management of Miss Bessie Cabell.

Henry Corbin & Sons are about through sawing their set in the ford hollow. Their engine is now being used to shred fodder at Wm. Van Hoy's.

J. D. Eubank is making a log yard on his farm preparatory to building dwelling house.

Alonzo Pendleton has bought the timber on the Jim Stoner Beard's place and he is now sawing it out.

We understand real estate is changing hands readily out on the ridge.

Wm. H. Burton, on the Smoke creek road, near Purdy sold his farm to Willie Corbin. Consideration \$1,000. Said W. H. Burton bought from John Goodin one farm, near old Purdy, for \$1,100, Charley Bryant sold his place to said Goodin for \$275. Said Bryant bought a farm from Willie Thomas Burton. Price unknown to me.

## \$5.00 Reward.

Last Friday, one week ago, a boy, who gave his name as Combest, got a buggy at our stable, saying that he wanted to go to Absher, and that he would return the buggy next day. We have not heard from him, and would appreciate any information leading to the recovery of the vehicle. He hooked a dark brown mule to the buggy and drove out of town. The front wheels of the buggy, round tires, the hind wheels had regular flat, steel tires, and the buggy was painted a dark red or dark brown. He had his own harness, wagon harness, on the mule, the mule carrying his head low. Any one seeing this outfit leave town, will please let us know. Goff Bros.

The fifth wheel of the buggy is fastened to the axle with extra heavy clips. The top brace of fifth wheel which fastens to perch poles is fastened with clips instead of bolts.

## Every Woman Should Know

There are three entirely different kinds of baking powder, namely:

- (1) Cream of tartar, derived from grapes;
- (2) Alum, a mineral acid; and
- (3) Phosphate of Lime.

(1) Baking Powders made of Cream of Tartar add to the food the same healthful qualities that exist in the ripe grapes from which Cream of Tartar is derived.

(2) Baking Powders made of Alum add to the food some form of Alum or Aluminum, a heavy metal, wholly foreign to any natural article of food.

(3) Phosphate of Lime is made from rock or by burning bones which by chemical action are changed into a white, powdered acid. It is used in baking powder only because it is a cheaper substitute.

A Cream of Tartar powder never contains Alum or Phosphate.

Every housekeeper should read the names of the ingredients printed on the label and know what she is using.

### Common School Diploma Examination.

This examination will be held on the last Friday and Saturday in January, 1916. The Common School Diploma entitles the holder to free tuition in the County High School, and shows that he has completed the Common School course. There will be special graduating exercises given at the next institute for those who pass this examination in May. There will be no examination at the close of the school this year except such as the teachers may see fit to give on their own responsibility.

Respectfully,  
Tobias Huffaker, Supt. A. C. S.

### The January American Magazine.

In the January American Magazine is a most unusual article by James Hay, Jr., on the working habits of the President of the United States—an article that not only has great general interest, but one that should prove itself valuable to business and professional workers throughout the country.

"Making Money Out of Footsteps," by Fred C. Kelly, will show the retailer how to master the curious, though exact, science of placing his store in the path of the customer. It shows, among other things, how a breeze of wind will cut down cigar profits by thousands of dollars, why the neighborhood of a bank is a poor location for a retailer, why the less crowded side of the street is often better for the seller of various goods and many points that the shrewdest retailers in this country have worked out by commercial mathematics.

The book is full of valuable and reliable information and should visit every home. Address the American Magazine, 381 Fourth Ave., New York.

### Eclipses in 1916.

During the coming year there will be three eclipses of the sun and two of the moon. A partial eclipse of the moon, January 20th, will be visible to North America. The moon enters the shadow at 2:53, a. m., and leaves at 4:20, a. m., eastern standard time. February 3rd, a total eclipse of the sun will be visible to this continent. July 14th, there will be a partial eclipse of the moon, beginning at 10:19, p. m. An eclipse of the sun July 30th, will not be visible in this country. December 24th, 1916, there will be another eclipse of the sun which will not be visible to Americans.

## Sensible Women Know Foundation of Health

As health talks to women become more general, both in the newspapers and on the platform, the mass of women are beginning to realize what the more cultivated have always known, that good health cannot be found in a powder box. The external of health may be obtained in that way, but the basis of health lies deeper, and yet is just as easily obtained.

The most important thing that a woman can do for herself, and about which she is often most neglectful, is to watch the condition of her stomach and bowels. The weary eyes, the bad breath, the frequent headaches, the pimples, the general air of lassitude is nine times out of ten the result of constipation or indigestion, or both. Many simple remedies can be obtained, but the best in the estimation of most women is Dr. Caldwell's Syrup Pepsin. It is mild, pleasant to the taste and exactly suited to her needs. It is far

superior to salts, cathartic pills, waters, etc., which are entirely too violent. Women should see to it that they have at least one movement of the bowels each day, and when showing any tendency to constipation should take Dr. Caldwell's Syrup Pepsin in the small dose prescribed. A brief use of it will so train the stomach and bowel muscles that all forms of medicine can be dispensed with. These opinions are voiced by thousands of women, after personal experience, among them Miss V. L. Moore, 32 Claiborne St., Nashville, Tenn., and Florence Cook, Lucas, Ky.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Hopewell, Va., the boom town of 25,000 founded by du Pont Powder Co., was practically destroyed by fire last night, entailing a loss of \$3,500,000 and making several thousand people homeless. The powder mills escaped.

## Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

## WAR SITUATION.

The Germans, who are reported to have been heavily re-enforced recently on the western front, are making determined drives at positions in the Champagne district which were taken by the French in the September offensive.

Capture of a French defensive line some 500 yards in length on Hill 193, north of Souain, is announced by the Berlin War Office.

The captured position was held against counter-attacks, it is declared, and attempts by the French to regain ground near Auberive, the loss of which was reported yesterday, were frustrated.

Paris declares fighting continues for the positions occupied by the Germans in the Souain region, and that progress was made in ousting the Germans from the Auberive trench. G.

In the Balkans Berlin reports the capture of more than 2,000 additional prisoners. With the fall of Ipek, in Easterd Montenegro, previously announced, more than eighty cannons were taken and much war material captured.

A Bulgarian attack on December 5 on the French bridgehead at Demirkapou, on the Vardar river, in Southern Serbia, was repulsed, Paris declares. The French since have been reported by Berlin to be retiring along the Vardar and from the Cerna river front.

Re-enforcements for the British army in Mesopotamia were sent before the battle of Ctesiphon, near Bagdad, and they already are arriving at the front, it is officially announced in London to-day. The British retreated after the battle to Kut-el-Amara, 105 miles down the Tigris from Bagdad.

Through German channels comes the report that Montenegro recently expressed to the Entente Powers a desire for a separate peace, but that this proposal was discouraged by the Allies, who threatened to withdraw from all relations with Montenegro.

Dispatches from the eastern Mediterranean, although conflicting in some respects, make it appear that the American oil steamer Communipaw probably was not the vessel reported sunk by a submarine off the coast of Tripoli.

There is no further word from the Petrolite, another American oil steamer, reported by the cruiser Des Moines as having been attacked by a submarine, but which apparently escaped.

Further victories for the Bulgarians over the Serbians are reported in a delayed official communication from Sofia. Apparently the Serbians who retreated from Monastir offered resistance to the Bulgarian advance, but they are declared to have been driven back everywhere.

The presence of German troops in Southern Serbia, near the

## DOES IT PAY TO BE SICK?

Let's forget about all the disagreeable and painful part of sickness, and ask ourselves if it PAYS to be sick.

Perhaps you are only HALF sick—maybe you are dragging yourself around, with a "dead tired" feeling. Perhaps you wake up in the morning with a heavily-coated tongue, a bad taste in your mouth, and hardly any appetite. Quite likely you are bilious. Maybe you have dull aches and pains, CONSTIPATION, headaches.

You go about your daily duties. You tell yourself you will feel better to-morrow—but when to-morrow comes you feel just about the same. You try this and that remedy, without getting real relief. Or if you get some relief, it doesn't LAST! You soon feel just as bad as you did before.

DOES IT PAY to let yourself stay in this half-sick condition? Think of all the ENJOYMENT of life you are missing! You can't enjoy your food, or the society of your family and friends. You can't enjoy anything as you should, because your senses are dulled and your brain oppressed by the effects of a SLUGGISH LIVER.

Say, friend, does it PAY you to lug around that sluggish liver when you can promptly make it ACTIVE and so get rid of all those depressing, disagreeable symptoms—by letting

Greek frontier, is announced in Athens advices.

The position of the French forces, which recently were said to have been falling back along the Vardar, Southwestern Serbia, is declared to be favorable, and the British are reported to be holding fast along the Strumitsa line.

Military and diplomatic representatives of the Entente Allies are continuing their war council sessions in Paris.

## CONTRACTOR TELLS HOW RELIEF CAME

**J. L. Grenier Says He Will Never  
Cease to Be Glad He  
Tried Tanlac.**

Louisville, Ky. Dec. 21.—A contractor widely known here is J. L. Grenier, of 2122 West Burnett avenue. He is one of those who have come forward recently to testify to the good Tanlac, the peerless preparation, has done for him.

"For years I had been the victim of catarrh," he said. "My throat was constantly sore. I drew sluggish and forgetful. Frequently I had severe headaches, and my nerves were in a frightful condition. My trouble was worst during damp weather, but it was bad enough at any time. My head felt heavy, and my brain was not so active as it had been."

"I heard so many men praise Tanlac that I decided to try it although other remedies I had used had done me no good. I got a bottle of Tanlac and almost at once felt relief. Now my brain is clear and active, my nerves are in good shape. I sleep well and can do fifty per cent. more work, and better work, than I could before. I will never cease to be glad that I tried Tanlac."

This remedy is now on sale in Columbia at the Page & Taylor drugstore. Adv.

### McGaha.

The farmers are about done gathering corn.

Melvin Powell, of Webbs X Roads, made a business trip here last week.

J. P. Catron was through here last week, delivering pictures.

J. M. Bryant is sick at this writing.

Old uncle David Allen, as he was familiarly called, died at his home, near here, December 7, of old age. His remains were laid to rest in the family burying ground.

On December 4, several of the friends and relatives of F. S. and Adaline Gilpin met at their home and set Mrs. Gilpin a nice dinner, it being her 79th birthday. She received several nice presents. All enjoyed the day fine. We all wish her many more happy birthdays.

Mrs. Lida Dehart, who has been visiting friends and relatives at this place, has returned to her home at Somerset.

Mrs. Lizzie Bailey is visiting her daughter, Mrs. Patra Sinclair, at Plumpoint, this week.

### Gradyville.

Lee Viers and wife, of Pyrus, visited relatives here last week.

J. A. Diddle returned to his home, at Adairville, last week.

Miss Mollie Flowers returned from a visit in Columbia the first of the week.

J. D. Lowe, the well-known shoe man of Columbia, was calling on his trade at this place last week.

We are glad to note that Mr. George W. Dudley and family are now citizens of our community.

Mrs. Bettie Dowell, who has been confined to her room for several weeks with a dislocated limb, is improving fast at this time.

Miss Phelps, of Jamestown, spent several days last week visiting her sister, Mrs. Eliza Simmons, at this place.

Shelby Tarter has been one of the most successful trappers in this section. He has up to the present caught four grey fox, besides quite a lot of other varmints.

We failed to have any Louisville mail several days of last week, on the account of high water.

There will be quite a changing around with some of our citizens, the beginning of the New Year.

Hon. Mont Ray Yarberry, of Louisville, in company with some of his friends from Columbia, spent part of last Saturday bird hunting in our section. Owing to the scarcity of them, the amount bagged by the Nimrods was limited.

Rev. W. C. Christie filled his regular appointment here last Sunday, with a very interesting discourse as usual.

Prof. George Aaron, our efficient school teacher, who is nearing the close of the present term, and we must say that his mode of teaching is exactly the kind we need at this place. If the district is pleased as well as your reporter there is no kick coming, as to his mode of teaching, and we are certainly glad to have him and family in our community, and regret that the time is drawing so close for them to remove to their home near Glenville.

The continued rains of last week put our creek out of banks and for several days it was past fording, but no serious damage was done by the high water.

Owing to the continued bad weather the exercises of our school children were put off until one night during the Holidays.

Jacob Nelson, of the firm of Nelson & Moss, of Greensburg, met with Mr. Helm, a lumber dealer of Louisville, one day last week at this place, with a view of selling a lot of timber.

Bingham, a son of Mrs. Maud Harper, fell from a house, top a few days ago dislocating one of his arms. Dr. L. C. Nell was called and reduced the fracture.

The overseers of the Columbia and Glasgow road, leading through Gradyville, ought to take notice and call the hands in on said road and have it worked. There is a place or two that is impassable. It is a daily occurrence for loaded wagons, passing through, to hang up and it is impassable for people walking whenever it rains. The matter should be looked after at once without further notice.

### Ozark.

Corn gathering is about over in this community. The crop was not very good.

Wheat looks well.

Miss Nora Rogers has typhoid fever. She is thought to be some better.

# Lindsey-Wilson Training School

The Winter Term of Lindsey-Wilson is arranged with reference to rural teachers. Proper classification can be made when your school is out. Total expenses for Teachers in this part of State cheaper than elsewhere.

This term is arranged with reference to boys and girls from the rural schools. Their best time to enter is Jan. 3rd. They get a full half year's work, avoiding the bad weather and other disadvantages of rural schools after Christmas.

Give your son or daughter an opportunity, under safe care, thorough courses, good surroundings, and low rates.

## Moss & Chandler,

Columbia, Kentucky.

W. J. Roy and Rev. Joe Pierce of the White Oak community, are very low.

Mrs. W. G. Roy is on the sick list this week.

Little Miss Ruby Bryant is not improving fast.

Robert Floyd is dangerously ill with typhoid fever.

N. A. McKinley and family and Miss Lelia Conover, of Campbellsville, spent last week with relatives here.

Mr. John Bryant celebrated his 82nd birthday last Sunday. Several of his neighbors gathered in to spend the day with him. He is quite active for one his age, works every day and walks to Columbia whenever he wants to. He is the oldest of a family of twelve children, all of whom, except three, are living. Eight brothers are living.

Our sympathy is extended to the young husband, parents, brothers and sisters of Mrs. Lillburn Breeding. The one that must feel the greatest loss is the little child. It can never know of the most unselfish, purest love; the love of a mother.

James Turpen and wife, Miss Effie and Joe Turpen spent Sunday at the home of Kent Bryant.

Ruel Bryant and wife have moved to their home at Clear Spring.

Mrs. W. J. Montgomery visited her mother, near Cane Valley, a few days ago.

Mr. Reeves and family and
